# THE ORGANIZATION

FLY BEYOND DREAMS

What we stand for, what we do, how we do it and who we are

*“Our mission is to inspire and support children around the world to believe in their dreams and strive for them, by providing fascinating aviation education, mentoring and partnership programs”*

# WHAT WE DO

---

We convey the “magic” of flight through theoretical courses and real life, hands-on experiences. We hope to broaden the kids’ horizons, and convince them that the impossible is possible when we fight hard for it.

Pictures speak a thousand words – videos available on

# HOW WE DO IT

---

## BASIC THEORY

---

We perform introductory and advanced courses around aviation, space and technology, such as:

- How does an airplane fly?
- What does the pilot do?
- How does an Airport work?

## PRACTICAL EXPERIMENTS

---

We are able to deploy a variety of hands-on activities, such as:

- Building water rockets
- Fly model airplanes and drones
- Gymkana

## VISITS AIRPORTS

---

Depending on the location of the institution we work with, we can offer visits and activities, such as:

- Airport visit
- Flying in a real aircraft

## SUSTAINABLE INTERNSHIPS

---

We are using our personal and corporate network to provide internships in the local aerospace industry for highly motivated students above the required age.

# WHO WE ARE

---

Fly beyond Dreams is an NGO founded and run by a group of young aerospace professionals. Driven by the desire to make a difference, we believe in the impact of inspiration and motivation.

Even though we are from different cultural and educational backgrounds, we are united by our passion for aviation and education.

Our team of volunteers is constantly growing with more 75 in our track record constantly supporting our FbD members.

Fly Beyond Dreams is a Non-Governmental Organisation registered in Spain under the registration number **G86665031**.

# WHAT WE HAVE DONE

---

## FIRST PROJECT IN 2012 - NEPAL

We started as a PROGRESS voluntary Corporate Social Responsibility Project

Following a proposal of our founder Abhinav Karki, a group of 5 volunteers went to Nepal with the aim to give an introduction on aviation to a selection of schools. Out of the several institutions, Maya Universe Academy caught our attention and became one of our long term and main partners.

Based on the very positive feedback our initiative received, from both the teachers and the children, the question of the „next time“ quickly arose. Enthusiastically we decided to register legally an association, in order to structure and expand our activities.

## NOVEMBER 2013 - NEPAL

---

We sent a team of 6 volunteers back to Maya Universe Academy. We built on the first courses we gave, there-off starting to work on the sustainability of our initiative. We also decided to perform our presentations in Bloom school, whose philosophy captured our attention.

## AUGUST 2013 - COLOMBIA

---

Following our Nepal adventure, and the desire of our co-founder Cesar Gomez to replicate the FbD model in his home country, we sent a team of 10 volunteers to Colombia. We visited several institutions including schools for homeless children and universities to meet children from 8 to 18. We partnered with the Colombian airport management agency, which enabled us to take the kids to the airfield.

## SEPTEMBER 2014 - NEPAL

---

We sent a team of 5 volunteers back to Maya and Bloom schools, further expanding the scope of our courses and activities, evolving to a more adapted material for the targeted kids.

# MAY 2015 - MOROCCO

---

Following the momentum and energy of FbD pioneers, in 2014 a new group of 10 Airbus Progresses (Talent Development Program) got inspired by our adventures in Nepal and Colombia, and deployed the FbD Programme in Tangier Morocco. Several partnerships have been set for the first time, opening our horizons to the north of Africa. That was possible thanks to the schools Hogar Lerchundi and Dartika, the Aeroport de Tanger Ibn Battouta, our corporate sponsors and many other supporters.

# NOVEMBER 2016 - NEPAL

---

We returned to Maya and bloom school, this time extending our courses to drones and having some visual experiences. Our equipment included VR glasses to give the kids a glimpse of what it feels to fly through the cameras installed in our flying devices.

# MAY 2016 - CROATIA

---

Croatia Osijek represents the beginning of an important partnership with SOS Children's Village. Our first project together was deployed in the village of Ladimirevci. Our complete programme was deployed and for the first time even included panoramic flights given by our own pilots. This was made possible thanks to our partnership with the flight club of Osijek Cepin Airport and with the support of our corporate sponsors and many other individual donations.

## OCTOBER 2017 - NEPAL

FbD returned to Nepal with the aim to further extend the collaboration with our local partners. We have been exploring additional collaboration possibilities with Shikhar Insurance, St Xavier School and Summit Air. We have particularly clarified our thoughts around the FbD Academy, and the Internship Possibilities. We will share the results of the discussions once concrete.

Stay tuned!

## MAY 2017 - MOROCCO

A team of 7 dreamers returned to Hogar Lerchundi and Dar Tika. We performed our programme around water rockets, solar system mobiles, kite flying and a quadcopter drone's simulation, among others. In addition to that Ibn Battouta International Airport's management team welcomed the kids and us for a visit of the airport, the interior of a Royal Air Maroc ATR aircraft, as well as for some fire truck demonstrations from the fire-fighters team.

## DECEMBER 2017- CROATIA

Strengthening the partnership with SOS Children's Village Ladimirevci a team of 7 volunteers prepares the last adventure of year. Stay connected to our social networks to get more life news!

OUR LONG TERM VISION

# THE FLY BEYOND DREAMS ACADEMY

---

The Fly Beyond Dreams academy is an autonomous entity, close to the local community. It aims at providing both high class professional aviation training and grass-root aviation education. It thus positions itself at the interface between industry and educational sector. The resulting virtuous circle is sustainably strengthening the local aviation industry and provides the next generation talents.

# DREAMS CONTINUE

CROATIA

December 2017

A woman with a long braid and glasses, wearing a white shirt with a name tag that says 'ANA', is holding the hand of a young girl in a grey sweater and red skirt. They are both looking up at a small airplane flying in a cloudy sky. The woman is also wearing a watch.

# CROATIA

## LADIMIREVCI

2017 is coming to an end, but we shall not stop here! Christmas time is coming and we are heading to Croatia for an inspiring adventure with the kids there and we need your support to make it happen!

We are celebrating our second year of partnership with the [SOS Children's Village in Ladimirevci](#) NGO present in 134 countries providing orphaned, abandoned and other vulnerable children with a stable environment.

We will spend 4 days with the 67 children – aged 6 to 17 – sheltered in Ladimirevci (small town in the rural east). By sharing our passion for aviation we hope to encourage the kids to fly beyond their dreams. They still remember [our last trip](#) and are waiting to spend some great days full of fun and adventure with us!

### Activities:

- Visit at the commercial airport of Osijek, including the Meteorology station
- A flight for all kids, weather conditions permitting
- Theoretical courses with hands-on outdoors experiences (R/C airplanes, build your own airplane, flight simulation, sky lanterns, water rockets...)

We are grateful to be supported by so many people that enables us to keep pushing our limits beyond the expectations and enlarge Fly beyond Dreams' impact on the children's future. All donations will directly contribute to the kids' benefits.

# MAKE DREAMS COME TRUE

## SUPPORT

How can you support

# DONATIONS

---

We depend on all kind of donations to help us launch projects and run the organization. We are looking for goods, as well as economical support.

To support us financially, have a look at our [website](#) for our bank details, or donate directly via [Proponso](#) in a specific on-going project.

All funds are directly used for the benefits of the kids.

Remaining funds are usually donated to the hosting NGO and a small portion is kept within FbD and is used for the next projects as well as administrative costs of the organisation.

# WHAT ELSE CAN YOU DO?

---

Do you want to provide us with pencils or book notes, or any other material we can use for our cause? We would be extremely happy to hand them to the kids!

We are also always looking for volunteers! There is a lot of things to do, and many ways you can be involved!

# CORPORATE SPONSORSHIP

How can you support? – Social Corporate Responsibility Projects

INSPIRE  
TOGETHER

# BENEFITS FOR YOU

---

- Take social responsibility and share your success with the less privileged. Connect your brand with educational inspiration!
- Give your employees a chance to participate in sharing their passion about aviation!
- Reach visibility with your company logo on our publications.
- Spread awareness about your organization linked to our posts on social media and our website.
- Receive a project summary in A4 format for you, to display within the company or share as internal communication.
- Secure an annual FbD calendar as appreciation for continuous partnership.
- Endorse Fly beyond Dreams, a registered NGO in Spain. Count on us!

- Strong partnership with important industry players enabling us to convey our cause.
- Secure regular financial support on specific projects or with annual donations.
- Access to office material, goodies and other valuable articles.
- Enable consistent planning to increase our project range and activities.
- Foster a network of potential volunteers, to help with projects, create content and share ideas.
- Bridge the gap between the students and the industry through industrial experts, potential speakers or inspiring examples for the kids.
- Unlock internships and opportunities for a selection of students.
- Increase our credibility through company endorsements.
